Index to Volume 51—1983

A

A guide to the photography of cleared bone specimens .. 85
A history of entomological photography 91
Alternative approach to technical design of class composites 105
Annular fog extension tube—A device for producing optically colored title slides 47
Atkinson, James M. 107

B

Benjamin, Alfred 81
Benson, Anthony N. 47
Biocommunications, crisis in, dangers and opportunities 95
Book Reviews 18, 52
Burn injury, evaluation with fluorescein fluorescence ... 33

C

Camera production, multiple, with portable television console 19
Clarke, N. M. P. 85
Class composites, technical design, an alternative approach 105
Comparative presentations, paired image slides for 65
Crisis in biocommunications—Dangers and opportunities 95

D–F

deVeer, William H. 41
Editorials 1, 36, 89
Entomological photography, a history 91
Fiber optic insert 41
Fiber optic flasher for multi-color slide exposure 45
Flash bracket, O.R., an alternative 63
Flash synchronization, infrared 65
Flashers, fiber optic, for multi-color slide exposure 45
Fluorescein fluorescence photography for the evaluation of burn injury 33
Frobin, W. 11

G–I

Gee, Gordon 65
Giannavola, Samuel 27, 105
Grant, Bruce 95
Hampton, R. 85
Hierholzer, E. 11
Hurtgen, Thomas P. 47
Hyland, Douglas T. 19
In black and white 89
Infrared flash synchronization 65
Insert systems, fiber optic 41

K–L

Karraker, Robert O. 45
Kilbourne, Scott 37
Koepfler, James W. 3
Koster, Lewis W. 1, 36
Le Beau, Leon J. 73
Looking back 2, 62
Low cost microcomputers 27
Lundeen, Donna 105

M–N

Medical photography, role of in safe-guarding the potential wandering patient 107
Microcomputers, low cost 27
Middlebrooks, Phyllis 53
Moire topography in medicine 3
Multiple camera production with the portable television console 19
Niilo, Leo 67

O–P

Ogrodnick, Joseph 91
O.R. flash bracket—An alternative 63
Paired-image slides for effective comparative presentations 67
Photo facility, starting up 47
Photogrammetric measurement of body surface, rasterstereography 11
Photogrammetry, measurement of body surface, rasterstereography 11
Photographing video displays 101
Photography and the response of voltage sensitive liquid crystals to blood and plasma exposed to light voltage 81
Photography, entomological, a history 91
Photography, fluorescence, for the evaluation of burn injury 33
Photography of cleared small bone specimens, a guide .. 85
Prost, Thomas 101
Punte, Carroll S. 63

R–S

Rasterstereography: A photogrammetric measurement of body surface 11
Safe-guarding the potential wandering patient, role of medical photography in 107

Slide exposure, fiber optic flasher for 45
Slides, paired image, for effective comparative presentations 67
Starting up a photo facility 53
Swanson, Sandra J. 89

T–Z

Technical design of class composites 105
The anatomy of discovery 73
The last white on bluers 37
The role of medical photography in safe-guarding the potential wandering patient 107
Title slides, optically colored, a device for production of 47
Topography in medicine, moire 3
Video displays, photographing 101
Voltage sensitive liquid crystals, response to blood and plasma exposed to high voltage 81
White on bluers, the last 37
Zuckerman, Alan J. 33
